National Credit Union Youth Week April 18 to 24, 2010

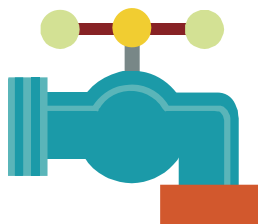

Enter the Youth Week coloring contest!

Kids—As a Rising Star you know all about how smart and fun it is to be in the **savings game!** During the month of April our credit union has some special activities just for you.

- Get a **Free Gift** when you make a deposit
- Enter the **Coloring Contest** and you will have a chance to win **\$25.00**

Why Save Water?

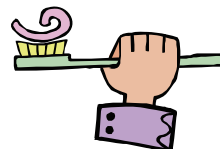

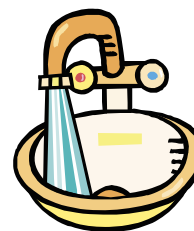

Less than 1% of all the water on Earth can be used by people. The rest is salt water—the oceans—or it's frozen and we can't use it. Since there are more people than ever, it is important to use our water wisely. Here are some simple ways to save water.

Wash your bike or car with a bucket and sponge. Then rinse it off with the hose. A running hose can waste 6 gallons a minute!

Turn off the water while you brush your teeth. You only need it running to rinse!

Take a Shower instead of a bath. Showers use much less water, only 10 to 25 gallons. Baths use up to 70 gallons. Another way to save water in the shower: keep it under 5 minutes.

R-Stars are experts at saving. Kids, learn more about saving water at Water Sense for Kids. <http://www.epa.gov/WaterSense/kids/index.html>

Celebrate **Earth Day** April 22, 2010
